REMARKS

This Supplemental Amendment is further to the Amendment filed April 14, 2008. Further and favorable reconsideration is respectfully requested in view of the foregoing amendments and following remarks, as well as the amendments and remarks presented in the Amendment filed April 14, 2008.

Claim Amendments

Claims 21 and 22 have been amended based on the amendment to claim 1 which was made April 14, 2008. Specifically, compound (1) in claim 22 has been deleted because $R^2=-NO_2$ in this compound. Similarly, compounds (2)-(7) have been deleted from claim 21 because $R^4=H$ in these compounds.

Accordingly, no new matter has been added to the application by these amendments.

In view of the foregoing amendments and remarks, as well as the amendments and remarks presented in the Amendment filed April 14, 2008, it is submitted that each of the grounds of objection set forth by the Examiner has been overcome, and that the application is in condition for allowance. Such allowance is solicited.
